

MILWAUKEE ANGELS BASEBALL

P R O G R A M G U I D E

***Three Decades of Developing Wisconsin's
Premiere Youth Baseball Players.***

ABOUT US

The Milwaukee Angels are an elite travel baseball & softball organization committed to the development of both the character and athletic abilities of young athletes. Founded in 1994, the Milwaukee Angels established their baseball program and in 2019 expanded their program with fastpitch softball. The Milwaukee Angels offer baseball and softball instruction and development for all ages. Also, in 2019, our baseball program partnered with Cody Smith and the Midwest Halos to transition their athletes to the next level.

Today, the Milwaukee Angels provide the state's very best players with intensive skill development through high level coaching and opportunities to face top competition via state, regional and national tournaments. In 2024, the Milwaukee Angels celebrated 30 years and continue to be known in Southeastern Wisconsin for our success on and off the field.

The Milwaukee Angels program stands out as the premier youth program in the area because it's built around more than just winning games, it's about developing complete athletes. Players receive top-level instruction focused on skill development, baseball IQ, and understanding the game beyond the basics. Through structured practices, competitive tournament schedules, and coaching from experienced staff including former college and professional players - the program helps young athletes grow into confident, smart, and fundamentally sound players. The emphasis on teaching situational awareness, teamwork, and mental toughness ensures that every athlete leaves the field not only better at baseball, but also better prepared for life beyond it. Simply put, the Milwaukee Angels are dedicated to building players who know how to play the game the right way—and that commitment makes them the best in the area.

The Angels are coached by some of the area's most successful and respected coaches being led by John Lutz, a former player for the Kansas City Royals.

INDOOR PRACTICES

All indoor practices will take place at the Milwaukee Angels' 35,000 sq foot facility in Muskego, WI or our newly expanded facility in Brown Deer, WI. Generally, each team practices weekly from November to April. Generally, each team is given 180 minutes (3 hours) of practice time each week that take place from November- April on both weeknight and weekday timeslots. Outdoor practices take place at local fields determined by coach's preference and field availability.

We understand and appreciate that many of our players are multisport athletes and may not be able to attend every practice due to conflicting schedules. All players are expected to mark their availability for each practice/game using the Team's preferred platform to allow for our coaches to make successful practice and game plans.

FACILITY

The Halo Facility (Muskego, WI) and The Halo North Facility (Brown Deer, WI) are used by the Midwest Halos and Milwaukee Angels baseball and softball teams to train and develop. All of our teams utilize the facilities and their amenities throughout the year. Individual players have the ability to reserve cage time as part of their annual players fees as we prioritize the training and development of our athletes. The Halo Facility features a 6,000 sq. ft. weight room, a full infield, 5-8 cages, 160 ft. long toss/velocity tunnel, pitching machines and a plyo wall. The facility features a parents waiting area with digital viewing and window access to the training facility, as well as, a team store and concession stand for special events.

The Halo Facility is located at: W160S6369 Commerce Drive Muskego, WI 53150

The Halo North Facility is located at: 9085 North Deerbrook Trail Brown Deer, WI 53223

CAMPS & CLINICS

The Milwaukee Angels hold several opportunities for players to develop throughout the year. Clinics, camps, and personal training sessions are open to all athletes, regardless of their relation to our organization. Cost of these items are not included in player fees but athletes in the program receive special discounted rates for all Milwaukee Angels camps, clinics, and additional training opportunities.

Active camps, clinics, and lessons can be found on our website at:

FUNDRAISING

The WYSA (dba Milwaukee Angels) relies on organizational fundraising as the foundation to help offset facility and equipment costs, ensuring we can keep participation affordable for all families. Thanks to strong community involvement, we have been fortunate enough not to raise player fees in recent years—but continuing to meet our fundraising goals is essential to maintaining this stability.

-  Fundraising Requirements: Participation in WYSA's organizational fundraisers is required for all families, unless they choose to "opt out." To support this mission, WYSA will offer several opportunities throughout the year for families to participate in fundraising efforts, including:
-  Selling raffle tickets to our annual fundraisers
-  Volunteering at WYSA fundraising events, including but not limited to tournament concession stands, event setup/cleanup, and registration
-  Assisting with organizational activities and promotions
